In their store window is a table set with tempting food prepared from vegetable and wheat substitutes. War bread made one-third wheat flour, one-third corn and one-third rye flour is featured along with cheese soufflé, potato croquettes, corn starch pudding and tarts. Below the table is shown the raw vegetable and grain material, also eggs, canned peas, beans and tomatoes, which can be easily prepared and served at a moderate cost. This exhibit is for educational purposes and can easily demonstrate the possibilities of a good living from a war garden and a few laying hens.

Harry Rust W. R. Co. No. 45 met in regular session Thursday evening with a good attendance. The Corps purchased two one hundred dollar Liberty Bonds last week. It was voted to unite with the D. A. VOLUME XLIX

NEWS FROM THE BOYS IN SERVICE

The following letter was written by Sergeant William S. Bennett, who is the son of Mr. and Mrs. N. W. Bennett of Norway and early in the winter, we published some of his letters.

April 7, 1918

My dear Dad, Mumsie, Sister and Brother,

I suppose these are anxious days for the dear folks at home, but there is no need of worrying as I am all right. We are somewhere behind the lines at present, but don't know when we will be called into the line again, but just rest assured that we are anxious to go as this is and undoubtedly will be the greatest battle of the war. Of course you will read in the papers of the great German offensive long before you will get this letter and lots you will read is only a fair talk, yet they are launching an awful drive, but are paying an awful price for the little ground they gain. Well, I hope this is the last year of the war and I think it will be if this drive fails.

The weather is good most of the time here now and everywhere they are plowing and planting and once in a while I wish I was home doing the same thing, yet I wouldn't want to go home until this is over.

I saw Lieut. Call the other day and he is going back to U. S. as instructor. He said he wished I might go with him; for a minute I did, but to think about it I had rather not go back until it is all over and then go home for good.

Hope I get some letter from home to day mail. I never got letters numbered from 23 to 28 and I don't see why I got all the others and got down 29 to 32, but if you don't get letters from me very often be sure and keep on writing as often as you can, as nothing can take the place of a letter from home. As long as we are here we will write often, but after we leave here it may be a month before I write, but you must not worry. This is not near as dangerous a game as you think it is and it is a great regiment that I am in.

Geo. Dube was made sergeant, yesterday. That makes three sergeants and four corporals and the one that was corporal of the 1st squad when we left home last spring is at an officers school. You see that was some squad.

There isn't much to write about so I will close having my dear folks at home.

The following are extracts from a letter written to his cousin, Mrs. Jane Buck, of Wilson's Mills by John L. Bennett, Priv. 108th Regt. Co. L. A. E. F. Mr. Bennett was formerly a student at the Norway High school.

Somewhere in France, April 3rd, 1918.

Dear Cousin:

I tell you a letter as I am just back from thirty days at the front and I tell you it is hell; take the big guns and air machines and gas bombs and it keeps you guessing and it is certainly hard on the nerves. But darn the Boches we will win them.

Well it will soon be a year since I saw my dear old home and you can't even imagine how well I would like to see my dear old mother, God bless her, I know how she worries.

We are having beautiful weather over here and the people have been ploughing and planting for a month and a half. Well, I would like to be back, but guess it will be sometime before we are, but hope not.

Remember me to all the folks up there, but then I never was considered much, but I am an American soldier and have been complimented as such so I don't worry.

Where is little Joe? I wonder if he is in the army. I guess I am the only one from that way that is doing his bit in the great world struggle and believe me we have been through something since we landed here, but I am glad that I am here there is not one yellow streak in my body and am willing to lay down my life for the dear old U. S. A., which is the most beautiful spot on God's green earth.

How well we boys would like to be back driving in my old Buick.

Dr. Harry J. Nevins of Lawrence, Mass., arrived Wednesday evening and will visit his mother, Mrs. A. J. Nevins, for several days.

Red Cross and Service League Ball

The patriotic ball in Norway Opera House, Tuesday evening was a great success financially and socially. More than one hundred and fifty couples joined the dance and a large number of spectators occupied the balcony.

This was a benefit for Norway Chapter Red Cross and the South Paris Service League, the receipts being equally divided. Judge William F. Jones, on behalf of the association, gave the use of the Opera House to Howard W. Shaw of South Paris offered without cost. Shaw's orchestra of seventeen pieces. Each musician gladly contributed this service to the organizations.

Without question the music furnished was on par with any dance team staged here and there was no tendency to play slackers on the job. Every number received several encores which were gladly furnished in a manner that caused nearly every dancer to remain to the end. The orchestra included Howard W. Shaw, director and promoter, William F. Jones, Carl S. Briggs, Shirley Milliken, Roland McCormack; second violins, Walter L. Bacon, Chester Hammond, Frederick M. Davis; viola, Douglas Farrar; cornets, Leroy Edwards, Henry Hosmer; trombone, Charles G. Boomer; string bass, Herbert Hosmer, Jr.; drum, Forest Conant; snare drum, xylophone and bells, F. Shaw; piano, Mrs. Carl S. Briggs.

The committee received \$41.00 from the sale of refreshments. That was equal to divided between the Red Cross and Service League. Mrs. Fur Red Cross, Mrs. Percy H. Nevins acted as chairman of the refreshment committee and assisted by Mrs. Elton Brown, Mrs. Verne Rich, Mrs. Albion Buck, and Helen Holmes.

The Service League committee was represented by Mrs. Percival E. Hathaway, chairman, having as the honorary committee, Howard Daugherty, Mrs. George Eastman and Mrs. Luella Smiley. Walter L. Gray, esq. presided at the ticket office.

Bond Drive Ended Strong

The local committee kept the Liberty Loan drive in motion right up to the last minute Saturday night. Norway has been over the top for more than a week, but that was not sufficient. A final appeal was made Saturday evening, the committee working in conjunction with the Guy Brothers minstrel band during their concert before Norway Opera House.

G. Ralph Harriman presided at the open air meeting in a way that appealed to many who were not present. Arthur Bartlett, Norway High, 18 Junior Four Minute Man addressed the large gathering, followed by Rev. H. L. Nichols. The Boy Scouts canvassed the crowd with blanks. Norway National Bank remained open until 9 p. m. and booked many of the evening hour subscriptions.

The allotment for Norway was \$47,950. More than \$86,650 was placed at the National Bank to the towns credit, being \$38,700 beyond the maximum amount. In the first drive a \$100,000 was done through the Norway National Bank, \$152,750 in the second and \$171,650 during this last campaign, a total of \$424,000 for the three loans.

This craft is in every respect an auto boat. It has an electric switch board, starter with clutches, levers and convenience within easy reach. The engine is protected with an auto hood precisely as if traveling on wheels along our highways.

The boat is easily identified by its bright yellow and mahogany color combination. Mickey has not applied a name as yet.

Grange Spasm

135 attended the Grange Spasm and
Dance Saturday night, May 4th and a
number of auto loads from out of town
helped to swell the crowd, which many
voted the best yet. Mrs. Von Allen, Mrs.
Lottie Morse and Mrs. Nora Abbott had
charge of the supper and a large number
partook of the good things.

Next was the program in charge of
lecturer Rilla Marston. As usual, this
was very good consisting of readings and
music. The master was then asked to
make a few remarks and he thanked
friends for their patronage and assist-
ance which made the burning of a can-
celled note possible. A number of
grange members watched the burning
with much pleasure.

Leon Lovejoy was the winner in the
donkey contest and received a box of
chocolates. The judges presented Mr.
and Mrs. George Abbott, prizes for the
most poverty stricken attire. There were
many couples on the march and five
ladies were awarded boxes of chocolates
standing on the right number in the
Mystic Squares. This caused much mer-
iment. Burnham Rice, drums; Guy
Morse and Linwood Pike, violin,
furnished music for dancing. The number
of encores from the dancers speaks
well for their playing.

It was a jolly crowd and a jolly time,
and it is hoped it will be repeated.

Water Powers In Maine

There seems to be a concerted
attempt to impress the minds of
the people of the State that the
present owners of water powers
have obtained them in some unlaw-
ful or under-handed manner and
that the people have been deprived
of a natural birth-right.

The truth of the matter is that
a great number of these powers
were owned by individuals long
before Maine became a State.
The State has never had any
ownership in the powers on the
Saco or Presumpscot Rivers. Its
holdings on the Androscoggin, if
any, were confined to the upper
waters near the Rangeley Lakes.
On the Kennebec, the State owned
no powers south of Madison and
on the Penobscot, no powers were
ever owned by the State within
fifty miles north of Bangor.

A leading advocate of
State ownership for water
powers in an address in
Portland, as reported in
the papers, declared that:

"We have in Maine one
and one-half million water
horse power going to
waste. Most of this was
formerly owned by the
State; it was our natural
heritage; it belonged to
the people and should
never have been sold or
given away."

The only water powers which
the State could claim any interest
in were those which were located
in the so-called wild lands district.
When the State sold those wild
lands it conveyed title to the pow-
ers therein. Since that time these
powers have been re-conveyed sev-
eral times in many instances.
The real title of these powers is
vested in the present owners with
as good a title as is any property
which the State may have con-
veyed by sale. The opinion of the
former Chief Justice Emery has
established this fact beyond con-
troversy.

(Signed) WM. M. PENNELL.

A team mostly composed of high school players, called the W. H. S. Independents, were defeated by the Bryant's Pond town team 6 to 3. The game was featured by the fielding of Thurlow of the Independents and the long drives of the town team batters. Lloyd Hathaway, manager of the Independents, has arranged games with Oxford High School for May 18 and June 1 and with Rumford for May 30 at Bryant's Pond. Other games will be arranged later.

NORTH HARTFORD

John F. Davenport passed away at his home in Hartford April 24 at 8:30 p. m., after a long and painful illness.

Mr. Davenport was born in Sumner, the son of Henry, Russell Davenport and Columbia (Keay) Davenport and was 57 years of age. They had two children, Percy and Wilma Davenport. For several years Mr. Davenport lived on a farm above Labrador Pond in Sumner and moved to Hartford about 15 years ago. He was an industrious and prosperous farmer, a kind neighbor and a loving husband and father.

He is survived by his wife and two children, one grandson, also three brothers, Henry, Albert and Adelbert Davenport and three sisters, Mrs. Abbie Noyes, Mrs. Susie Garey and Mrs. Alice D. Turner, all of Sumner.

The funeral was held at the home Saturday at 11 o'clock. Rev. C. G. Miller assisted by Rev. Rogers of South Paris officiated.

The beautiful floral offerings were in great profusions. Among them to be much noticed and appreciated were one and one-half dozen carnations from the pupils of Tyler School, Wilma Davenport, his daughter, being the teacher. The funeral was largely attended by relatives and friends, all of his brothers and sisters being present. The interment was at Pleasant Pond Cemetery at West Sumner.

SOUTH ALBANY

Mr. and Mrs. C. W. York and Mr. and Mrs. Ed. Jackson of Andover were at their farm here Sunday. They came to make arrangements for the spring work on the farm. They will have a quantity of vegetables, garden truck, etc. planted and cared for.

Pearl Weymouth has sold his place here to Ingalls McAllister of Grover Hill. Mr. Ingalls has moved his family and part of his household goods to the place. Mr. McAllister's two brothers, Will and David McAllister, went with their teams and brought them down.

Mr. Bennett of Harrison and W. W. Abbott of South Waterford were here Friday in the interest of Burdett & Morrill's Corn Shop at South Waterford.

The swallows came back here Friday morning. One pair came in advance and were so overjoyed to get back that they flew high and flew low and glided around until one alighted on the peak of the stable roof and there he cheeped and chirped and fluffed his feathers and fluttered his wings as though he was fairly insane with delight. My lady sat on the place which they had chosen as the place to build their little home and answered note for note. She perked her little head, looked this way and that as much as to say "Just hear that, will you? Now did you ever hear the like of it?" and was nearly bursting with pride and admiration for her lord and master. One pair of swallows have built and lived for the summer in the same place for several years. Whether they are the same ones or not, we do not know, but as they seemed to know where they were and made themselves right at home, there seems to be little doubt that they are either the same or some of the many broods that have been reared there.

Service Flag Raised

The Service Flag of the Universalist Sunday School was unfurled Sunday afternoon at 3 o'clock, preceding the regular service. The service included "Call to Arms" by a chorus of the young ladies, including Bernice Nash, Ruth Akers, Adeline DeCoster, Doris Brooks, Madeline Hayden, Marion Downing, Doris Haskell, Gretchen Eisenwinter and Mary and Frances Jones.

Stephen J. Cummings and Edward McCormack raised the flag which had one gold star and twelve blue stars. The flag was suspended at the front of the organ between two large American flags as the chorus sang, "The Star Spangled Banner." Mrs. Eva Kimball, superintendent of the Sunday school, read the names of the boys in the service for whom the stars stand. The honor list is as follows:

Miller; vocal solo, "Come Unto Me," Miss Nash; prayer; response; remarks by Stephen J. Cummings, who for many years has been a teacher of the boys' class in the Sunday School, and nearly all of the boys whose names are on the flag have been members of his class. He has also been the Merlin of the Knights of King Arthur, and the greater part of the boys are members, so his acquaintance has been intimate with them; remarks were made by Donald B. Partridge, an attendant from a boy at the school, and a personal acquaintance of the boys, who grew up with him. Mr. Partridge gave the boys a patriotic appeal, and the chorus sang the Marseillaise hymn, which was followed by a sermon by Mr. Miller. In closing the chorus sang the National Hymn of Great Britain "God Save the King."

SPRING TREATMENT

(Continued from page 1)

Necessary to Purify Blood and Correct Weak, Run-Down Conditions.
Trying weather, exposure, to storms, the grip, hard colds, pneumonia, fevers, cephtheria and other blood-poisoning, prostrating diseases leave the whole system subnormal—below par—weak and slow—blood depleted and thin, with that tired feeling, poor appetite, backache, rheumatic pains, delicate digestive power or almost none at all. The ideal treatment is
Hood's Sarsaparilla—to be taken before meals—thoroughly to purify the blood and expel poisons, and
Peptonin—to be taken after meals—to put power into the blood, give strength, increase red corpuscles and restore tone, and do it quickly.
If there is biliousness, constipation, bad taste in the mouth, despondency or "the blues," the liver is torpid. Take Hood's Pills—they rouse the liver and relieve all liver ills, and are perfectly compatible with Hood's Sarsaparilla and Peptonin.

The treatment is—arsenic—to be taken thoroughly to purify the blood, give it a new lease of life and do it quickly. The arsenic, constipation in the mouth, despondent blues, the liver is tormented. Food's Pills—they rouse the liver, and relieve all liver ills, and are compatible with Hood's and Pepton. Spring treatment today.

To Assist the Farmers

The business men of South Paris have asked the local Public Safety Committee to provide means to assist the farmers in planting and caring for a increased acreage of the necessary crops this season. Last year Paris increased her normal acreage by about 12 per cent.

A business man's committee has been drafted to secure from 100 to 150 men from this village, who will be transported in volunteer automobiles to and from the farms nights and mornings, to help plant, hoe and harvest. This committee will secure the men and distribute them in such numbers as required. The farmers will pay for such labor at 25c per hour, or \$2.50 for a nine hour day and furnish no meals for the men unless they wish.

The committee on farm labor is Percy F. Ripley, chairman, Leslie L. Mason, Harry A. Moxton, A. Frank Goldsmith, Chas. W. Bowker and Nelson G. Elder.

If the farmers need help from this committee and are willing to plan farming on this basis, they are requested to send in application for men by May 20th to Harold T. Briggs, at the Paris Trust Co., who has been drafted for the secretary of this committee work.

If Mothers Only Knew

How often children suffer from worms, they would take care and guard against this common ailment of childhood.

Signs of worms are: Depressed, sour stomach, offensive breath, hard and full belly, nervousness, grinding and pains about the navel, pale face of cheeks, thin, dry, itching of the nose, itching of the rectum, red marks on about the corners of the teeth, little red points sticking out on tongue, starting during sleep, slow waves over the eyes, and the discovery of the formula of Dr. Trues' Elixir, the family doctor.

People have been writing us letters like this: "My little granddaughter had pinworms very badly, and after taking part of a bottle of Dr. Trues' Elixir is very much better. Mrs. George Philpot, Houston, Texas."

There is a world-wide reputation as the one safe and reliable remedy for worms and stomach disorders for both young and old. At dealers, 40c. 60c. Dr. J. F. True & Co. and \$1.00. Write us. Auburn, Maine
